SLA Details - Cloud based Video Conferencing Service - 100; Yes; Yes	
<p><u>Service Level Agreement of Video Conference as SaaS Service</u></p> <p style="text-align: center;">PREAMBLE</p> <p>All Video Conference as SaaS Service contracts placed through GeM shall be governed by following set of Terms and Conditions:</p> <p>(i) General terms and conditions for Goods and Services;</p> <p>(ii) Service STC</p> <p>(iii) Service Specific STC as defined in Service Catalogue which includes SLA for the Service or Service for a particular product;</p> <p>(iv) BID / Reverse Auction specific ATC</p> <p>A. Operation of the above terms and conditions are in reverse order of precedence i.e. ATC supplement Service STC, Service Specific STC and GTC, however Service Specific STC prevails or supersede over the GTC.</p> <p>B. The above set of conditions along with Scope of supply including price as enumerated in the Contract Document shall be construed to be part of the contract.</p> <p>1. This document represents a comprehensive Terms and Conditions governing the contract between the Buyer and Service Provider. The purpose of this document is to outline the scope of work, Stakeholder's obligation and terms and conditions of all services covered as mutually understood by the stakeholder</p> <p>1. Agreement Overview</p> <p>This Agreement represents a Service Level Agreement ("SLA" or "Agreement") between the Buyer and the Service Provider. The purpose of this agreement is to facilitate Video Conference as a SaaS Service in compliance to the selected criterion for the service chosen by the concerned Buyer at GeM Portal. This Agreement outlines the scope of work, Stakeholder's obligation and general terms and conditions of all services covered as they are mutually understood by the stakeholders.</p> <p>2. Objective and Goals</p> <p>The objective of this Agreement is to ensure that the proper elements and commitments are in place to provide consistent delivery of service to Buyer by service provider.</p> <p>The goals of this Agreement are to:</p> <p>3. Stakeholders</p> <p>The main stakeholders associated with this SLA are: Service Provider and Buyer.</p> <p>The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and penalties in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders would have read and understood the same before signing the SLA.</p> <p>4. Service Agreement</p> <p>Service Scope :The scope of Video Conferencing as SAAS, is to initiate and establish live video conference between two or more participants at different sites by using computer networks to transmit audio and video data. Each participant has a video camera, microphone, and speakers mounted on his or her computer / endpoints terminals. As the two participants speak to one another, their voices are carried over the network and delivered to the other's speakers, and whatever images appear in front of the video camera appear in a <u>window</u> on the other participant's <u>monitor</u>.</p> <p>Multipoint videoconferencing allows three or more participants to sit in a <u>virtual</u> conference room and communicate as if they were sitting right next to each other on conference / meeting table.</p>	

The feature of VC as a Service:

1. Video Conferencing as a Service, VC SaaS.
1. Facility for Registered users Creation as per requirement;
1. Recording of VC Sessions .
1. Support service to ensure stable operation of VC as SaaS
1. Video & Tele - Conference System for multi-way calling
1. Multipoint Calling Interface:

The Service deliverables shall also include, but not necessarily limited to the following specifications:

S.No.Parameters

- 1 Type of Collaboration Service
- 2 Users can self schedule Meetings, connect, receive dial in, without the involvement of the OEM

27 a user should be able to connect from Intranet and internet

28 All equipments are in compliance with the requirements of ITU-T Standard related to Video Conferencing (H323 / SIP Endpoints)

5. Buyer's Obligations

1. Service Provider Obligations

1. The Service Provider is obliged to work closely with Buyer's staff, act within its own authority and abide by directives / instructions issued by Buyer from time to time. The Service Provider will abide by the job safety measures prevalent in India and will free Buyer from all demands or responsibilities arising from accidents or loss of life, the cause of which is the Service Provider's negligence. The Service Provider will pay all indemnities arising there from and will not hold Buyer responsible or obligated.
1. The Service Provider would be required to install and implement the requisite support and information technology infrastructure (as per requirement) to enable the Buyer to meet the operational objectives. It will be the Service Provider's responsibility to ensure the proper and successful implementation and continued operation of the system.
1. In addition to the aforementioned, the Service Provider shall perform the Services at various locations specified by the Buyer and establish the necessary infrastructure, including but limited to setting up of the necessary facilities, communication and computing equipment, service delivery mechanism by qualified personnel and any other infrastructure as may be necessary for the above-mentioned purposes and other services as specified in the tender and changes thereof.
1. The Service Provider is responsible for managing the activities of its personnel and / or personnel working pursuant to its instructions and will hold itself responsible for any misdemeanours.
1. The Service Provider shall not transfer or assign or sublet any part of the service once agreed or any share or interest here in any manner or degree directly or indirectly to any person, firm or corporation whatsoever.
1. Service Provider shall deliver all the equipment if so required to establish the services at intended site within stipulated time in contract from the date of acceptance of purchase order and commission within 2 weeks thereafter. Service Provider shall install and commission all the client end equipment and operationalize the solution which includes:
 1. Testing of VC as service with central location.
 1. Operational Training to the client.
1. The Service Provider and its personnel shall not carry any written material, layout, diagrams, floppy diskettes, hard disk, storage tapes or any other media out of Buyer's premise without written permission from the Buyer.
1. The Service Provider personnel shall follow Buyer's information security policy and instructions in this behalf.
1. Service Provider acknowledges that Buyer's business data and other Buyer proprietary information or materials, whether developed by Buyer or being used by Buyer pursuant to a license agreement with a third party (the foregoing collectively referred to herein as "proprietary information") are confidential and proprietary to Buyer; and Service Provider agrees to use reasonable care to safeguard the proprietary information and to prevent the unauthorized use or disclosure thereof, which care shall not be less than that used by Service Provider to protect its own proprietary information. Service Provider recognizes that the goodwill of Buyer depends, among other things, upon Service Provider keeping such proprietary information confidential and that unauthorized disclosure of the same by Service Provider could damage Buyer. By reason of Service Provider's duties and obligations hereunder, Service Provider may come into possession of such proprietary information, even though Service Provider does not take any direct part in or furnish the Services performed for the creation of said proprietary information and shall limit access thereto to employees with a need to such access to perform the Services required by this Contract. Service Provider shall use such information only for the purpose of performing the Services.
1. Service Provider shall, upon termination of this Contract for any reason, or upon demand by Buyer, whichever is earliest, return any and all information provided to Service Provider by Buyer, including any copies or reproductions, both hardcopy and electronic.
1. Service Provider shall comply with the provision of all laws including labor and industrial laws, rules, regulations and notifications issued there under from time to time. All safety and labor and industrial laws enforced by statutory agencies and by Buyer shall be applicable in the performance of this Contract and Service Provider shall abide by these laws. The Service Provider shall indemnify and keep indemnified and hold harmless the Buyer for any loss, damage, claims, costs, charges, expenses, etc. arising out of and/or suffered on account of actions, litigations, proceedings, suits, arising out of breach of the above laws.
1. Service Provider shall take all measures necessary or proper to protect the personnel, work and facilities and shall observe all reasonable safety rules and instructions.
1. The Service Provider shall report as soon as possible any evidence, which may indicate or is likely to lead to an abnormal or dangerous situation and shall take all necessary emergency control steps to avoid such abnormal situations.
1. Service Provider shall also adhere to all security requirement/regulations of the Buyer during the execution of the work.
1. Service Provider shall monitor progress of all the activities specified in the program of works.
1. If at any time it should appear to the Buyer that the actual progress of work does not conform to the approved program the Service Provider shall produce at the request of the Buyer a revised program showing the modification to the approved program necessary to ensure completion of the works within the time for completion.
1. In case during execution of works/Services the progress falls behind schedule then the Service Provider should notify the Buyer in writing about the same with proper causes for the delay and recovery procedures mentioned.

7. Special Terms and Conditions

1 . The copyrights will be with the Buyer Department if the contents have been prepared and provided by the Buyer Department.

2. The Service Provider shall ensure that while it uses any software, hardware, processes or material in the course of performing the Services, it does not infringe the Intellectual Property Rights of any person and the Service Provider shall keep the Buyer indemnified against all costs, charges, expenses, liabilities, claims, damages, litigations, suits, judgments and/or otherwise howsoever, arising out of any illegal or unauthorized use (piracy) or in connection with any claim or proceedings relating to any breach or violation of any permission/license terms or infringement of any Intellectual Property Rights by the Service Provider or any sub - Service Provider during the course of performance of the Services.

3 . For Govt organizations and their users, privacy is a fundamental concern. Online collaboration must provide multiple levels of security, from scheduling meetings to authenticating participants to sharing content.

4 . Administrator should be able to manage and enforce privacy policies for host and presenter privileges. For example, an authorized administrator can customize session configurations to disable a presenter's ability to share applications or to transfer files on a per-site or a per-user basis.

5 . Unless organization has a specific business need to display meeting titles and information publicly, all meetings should be marked as unlisted through utility inbuilt in the panel.

6 . Get locked out an account after a configurable number of failed login attempts. Automatically unlock a locked-out account after a specified time interval. Deactivate accounts after a defined period of inactivity. Require a user to change password at next login . Lock or unlock a user account Activate or deactivate a user account

8. Payment Schedule

9. Penalties and Termination

The maximum cumulative penalty on all the occasions put together shall not exceed 10% of the contract value and exceeding the limit is liable for cancellation of the contract.

Sr. No.	Events	Status	Penalties
1.	<ul style="list-style-type: none"> Uptime: 99.5% on monthly basis for all locations; There should not be a down - time for more than one hour for the services/ solution in any calendar day; The problem at other locations i.e. branch / offices should be rectified within 4 hours of reporting. The reporting may be through any mode of communication. If the problem persists for more than 4 hours at a stretch in a calendar day 	Very Critical	<ul style="list-style-type: none"> Default on any one or more of count will attract penalty of 0.5% of < billing cycle payment > on fall of every 0.25% below 99.5%.. 0.5% of < billing cycle payment > on fall of every down time up to four hours 0.5% of < billing cycle payment > if issue not rectified within four hours . If problem persist for more than four hours in calendar day and total of more than 45 hours in a month then contract is liable for cancellation if so desired by the user
2.	Security Breach	Very Critical	10% of the Contract Amount or termination as deemed fit by the Buyer Department along with Legal Action
