Service Level Agreement of Video Conference as SaaS Service

PREAMBLE

All Video Conference as SaaS Service contracts placed through GeM shall be governed by following set of Terms and Conditions:

- (i) General terms and conditions for Goods and Services;
 - (ii) Service STC
 - (iii) Service Specific STC as defined in Service Catalogue which includes SLA for the Service or Service for a particular product;
 - (iv) BID / Reverse Auction specific ATC
- A. Operation of the above terms and conditions are in reverse order of precedence i.e. ATC supplement Service STC, Service Specific STC and GTC, however Service Specific STC prevails or supersede over the GTC.
- B. The above set of conditions along with Scope of supply including price as enumerated in the Contract Document shall be construed to be part of the contract.

1. This document represents a comprehensive Terms and Conditions governing the contract between the Buyer and Service Provider. The purpose of this document is to outline the scope of work, Stakeholder's obligation and terms and conditions of all services covered as mutually understood by the stakeholder

1. Agreement Overview

This Agreement represents a Service Level Agreement ("SLA" or "Agreement") between the Buyer and the Service Provider. The purpose of this agreement is to facilitate Video Conference as a SaaS Service in compliance to the selected criterion for the service chosen by the concerned Buyer at GeM Portal. This Agreement outlines the scope of work, Stakeholder's obligation and general terms and conditions of all services covered as they are mutually understood by the stakeholders.

2. Objective and Goals

The objective of this Agreement is to ensure that the proper elements and commitments are in place to provide consistent delivery of service to Buyer by service provider.

The goals of this Agreement are to:

3. Stakeholders

The main stakeholders associated with this SLA are: Service Provider and Buyer.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and penalties in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders would have read and understood the same before signing the SLA.

4. Service Agreement

Service Scope :The scope of Video Conferencing as SAAS, is to initiate and establish live video conference between two or more participants at different sites by using computer networks to transmit audio and video data. Each participant has a video camera, microphone, and speakers mounted on his or her computer / endpoints terminals. As the two participants speak to one another, their voices are carried over the network and delivered to the other's speakers, and whatever images appear in front of the video camera appear in [a window](#) on the other participant's [monitor](#).

Multipoint videoconferencing allows three or more participants to sit in [a virtual](#) conference room and communicate as if they were sitting right next to each other on conference / meeting table.

The feature of VC as a Service:

1. Video Conferencing as a Service, VC SaaS.
1. Facility for Registered users Creation as per requirement;
1. Recording of VC Sessions .
1. Support service to ensure stable operation of VC as SaaS
