be attached to or incorporated in any Seller's quotation(s), offer(s) or invoice(s), none of which shall have any binding effect.

1. Offer and Acceptance. This Purchase Order constitutes an offer by Buyer to purchase the Materials or Services (together referred to as Supplies) specified herein. Buyer reserves the right to revoke this offer at any time prior to its acceptance by Seller. Seller may accept this Purchase Order prior to revocation by Buyer by either (a) returning to Buyer an executed acknowledgement hereof, or (b) delivering or rendering to Buyer the Materials or Services specified in this Purchase Order. Unless Seller rejects the Purchase Order in writing or proposes a counter offer within five (5) calendar days of receipt, the Purchase Order shall be deemed to have been accepted by Seller and the Seller shall be bound by the terms and conditions of the Purchase Order. Any written alteration or variation in this Purchase Order by Seller shall constitute a counter-offer by Seller which shall be binding on Buyer if and only if such alterations are accepted in writing by Buyer.

## 2. Materials Shipment, Packaging and Packing.

(a) Seller shall properly package and pack Materials such that the Materials are not damaged or destroyed during shipment. Each shipment shall be labeled and shall contain a packing list indicating Buyer's applicable Purchase Order number(s), part number(s) and quantities.

(b) THE TIME(S) AND DATE(S) OF DELIVERY SET FORTH IN THIS PURCHASE ORDER ARE OF THE ESSENCE. Seller shall notify Buyer immediately when Seller has knowledge of any potential delay in delivery. Unless otherwise indicated on the face of Purchase Order, Buyer may refuse delivery of Materials made more than two (2) working days prior to the time and date for delivery specified herein. In the event of delay or incomplete delivery, the price for the Materials and Services shall automatically be reduced by such percentage as set out on the face of the Purchase Order, or where no such amount is set out in the Purchase Order then by one percent (1%) for every week (or portion thereof) in which they are not completely delivered or performed to the satisfaction of Buyer after the due dates thereof, provided, however the total amount of price reduction permitted hereunder shall not exceed ten percent (10%) of the specified Supplies, which are subject of the price reduction. The Parties recognize that such price reduction is a genuine pre-estimate of Buyers loss and is not intended to be a penalty.

(c) Upon at least ten (10) calendar days prior written notice to Seller, Buyer may reschedule the delivery of any Materials scheduled for shipment at no additional charge.

(d) Unless otherwise indicated on the face of Purchase Order, the price for Supplies shall include all transportation, loading & unloading costs, and delivery costs, and the Seller shall arrange for all export or import licenses with respect to Materials, to the destination identified by Buyer. Notwithstanding the foregoing, title to and risk of loss to Materials shall pass to Buyer upon delivery and acceptance by Buyer of such Materials to the location designated by Buyer or, if Seller is required to install and/or test the Materials under this Purchase Order, completion of installation and testing of such Materials by Seller. Seller agrees that it shall convey title to such Materials to Buyer free and clear of all liens, encumbrances and claims of any nature whatsoever. Seller shall, at Buyer's written request, provide Buyer with evidence reasonably satisfactory to Buyer that all security interests or liens in and to the Materials have been released or waived.

(d) Seller shall be responsible for assuring that the quantity of Materials delivered is consistent with the quantity requested in this Purchase Order. If the quantity delivered varies from the quantity ordered, Buyer shall not be obligated to (but may, at its election) accept delivery thereof and Seller shall remain responsible for satisfaction of the unfulfilled portion of this Purchase Order. In any such event, Buyer shall only pay for the quantities of Materials actually delivered and accepted by Buyer. In addition, the Seller shall provide all relevant manufacturers warranty certificates, works tests, inspection reports, and technical catalogues along with the Materials.

## 3. Invoices, Payment and Set-Off.

(a) Buyer agrees to pay for the Supplies, in the currency set out on the face of this Purchase Order. Each invoice must (A) contain (i) a description of the Materials delivered or Services rendered; (ii) the locations to which such Materials were delivered or Services were rendered and the date of delivery; and (iii) the price for all such Materials delivered or Services rendered; and (B) be accompanied by all relevant supporting documentation required by the Buyer or as set out on the face of the Purchase Order (including but not limited to tax receipts, airway/bill of lading, additional transport invoice (if any), clearance and handling charges).

(b) Buyer shall pay all complete and undisputed invoices for Supplies (less any credits to which Buyer is entitled) as per the terms set out on the face of the Purchase Order, or where no such terms are set out on the face of the Purchase Order then within thirty (30) days of receipt of such invoice, after acceptance of the Supplies.
