sufficient proof of commencement and cessation of the above
circumstances e. The force majeure conditions are applicable only to
the prime Contractor and purchaser.

8 ARBITRATION - In the event of any dispute/s difference/s or
claim/s arising out of or relating to the interpretation and application of
the Contract, such dispute/s or difference or claim/s shall be settled
amicably by mutual consultations

of the good offices of the respective parties and recognizing their
mutual interests attempt to reach a resolution satisfactory to both the
parties. If such a resolution is not possible, within 30 days from the
date of receipt of written notice of

the existence of such dispute/s, then the unresolved dispute/s or
difference/s or claim/s shall be referred to the sole arbitrator appointed
by the parties by mutual consent in accordance with the rules and
procedures of Arbitration and

Conciliation Act 1996 as amended from time to time. The arbitration
shall be conducted in Bengaluru in the Arbitration and Conciliation
Centre-Bengaluru (Domestic and International) as per its rules and
regulations. The expenses for the

arbitration shall be shared equally or as may be determined by the
arbitrator. The considered and written decision of the arbitrator shall
be final and binding between the parties. The applicable language for
Arbitration shall be English only.

Work under the Contract shall be continued by the Contractor during
the pendency of arbitration proceedings, without prejudice to a final
adjustment in accordance with the decision of the arbitrator unless
otherwise directed in writing by the

DEPARTMENT or unless the matter is such that works cannot be
possibly continued until the decision (whether final or interim) of the
Arbitrator is obtained.

9 SHORT CLOSING AND TERMINATION - Under the normal
circumstances, Termination/Short closing of the contract is not
foreseen. However, in case of continued non-performance of the
contract, ISRO/DOS reserves the right to terminate the contract

wholly or partly by giving written notice of not less than 30 days
ISRO/DOS reserves the right to terminate the contract at any time by
giving 30 days prior notice without assigning any reasons

10. JURISDICTION - The Courts within the Bangalore City shall have
jurisdiction to deal with and decide any matter arising out of proposed
contract.

Annexure-I (Scope of Work) to PO NO. HQDR 2022P000880101

Subject: Onsite Support for Management of ISRO/DOS Centralised MCU based VC System

Background

ISRO/DOS has Centralised MCU VC system (make – Cisco) with Central infrastructure deployed in load balanced and failover mode in ISRO HQ, Bangalore and VSSC, Trivandrum and 150 VC Endpoints deployed in 40 ISRO/DOS locations within the country are registered to the Central infrastructure. The major components of the Central infrastructure at one location is as follows:

Sl. No.	Server	Virtual Machines	Nos
1	BE 6000	<i>Cisco Unified Communication Manager Express (CUCM)</i> <i>Cisco Expressway Core</i> <i>Cisco Meeting Management (CMM)</i> <i>Cisco Telepresence Management Suite (TMS)</i>	1
2.	CMS 1000	<i>Cisco Meeting Server</i>	4
3.	BE 6000	<i>Cisco Expressway Edge</i>	1

The vendor would be responsible to provide onsite support at ISRO HQ, Bangalore and VSSC, Trivandrum for management for ISRO/DOS Centralised MCU based VC system.

Terms & Conditions

1. Vendor would be responsible to provide onsite support for management of Centralised MCU based VC system.
2. Vendor should deploy qualified Engineer for management of this infrastructure. Vendor to provide undertaking on its letter head about the qualification, experience and certification of the Resident Engineer and Backend Engineer.
3. L1 Resident Engineer to be deployed onsite for a period of 3 years with effect from date, which is not later than 4 weeks from the date of PO.
4. Vendor has to provide Two Onsite L1 Resident Engineer (one at ISRO HQ, Bangalore and one at VSSC, Trivandrum) for the duration of contract period.
5. Resident Engineer should be either
 - a. BE/BTech/MCA or MSc (Computer Science/ Electronics) with minimum 3 years relevant experience in management of Cisco's on-premise Centralised MCU based VC system which includes – CMS, CMM, CUCM, TMS, Expressway,

BE6000/BE7000, IP Phones. He/she should have knowledge on SIP, H323, Cisco VC Endpoints

or

- b Diploma/BCA or BSc (Computer Science/Electronics) with minimum 5 years relevant experience in management of Cisco's on-premise Centralised MCU based VC system which includes – CMS, CMM, CUCM, TMS, Expressway, BE6000/BE7000, IP Phones. He/she should have knowledge on SIP, H323, Cisco VC Endpoints.

6. Resident Engineer should be Cisco Certified (CCNA for Collaboration Services).
7. Resident Engineer to be available six days in a week (Monday to Saturday). In unlikely scenario, Resident Engineer has to extend the support on holidays, if required, if any VC is scheduled within ISRO/DOS or with external agency.
8. Vendor should have CCIE certified Engineer (in Cisco Collaboration services) (hereafter referred to as 'Backend Engineer' of Vendor) on its payroll and should be identified (Backend Engineer may not be dedicated for ISRO) to provide guidance to the Resident Engineer deputed in ISRO HQ, Bangalore, as and when required.
9. The Backend Engineer will have to be available onsite at ISRO HQ, Bangalore for the first 2 weeks of the contract period. In the first 2 weeks, the Backend Engineer will have to understand the current infrastructure and provide guidance to L1 Resident Engineer for management of the Central infrastructure.
10. The Backend Engineer will have to provide onsite support at ISRO HQ, Bangalore for the following:
 - a. During the critical activities like patch management, change management, firmware upgrade, SSL certificate renewal, closing of reported vulnerabilities etc. and
 - b. Also when the Onsite Resident Engineer is unable to resolve the issues.
11. The Backend Engineer has to also visit ISRO HQ Bangalore once in a month and present to ISRO's team identified for management of this system the following a. the status of ongoing issues, b. configuration changes performed, c. software/firmware upgrade performed.
12. OEM/Vendor to note that no remote access over public network will be provided to the Centralised MCU based VC system for troubleshooting and support purpose. For any unresolved issue if the system expert needs access to the hardware, they need to visit ISRO HQ, Bangalore or VSSC, Trivandrum for such access.
13. The vendor has to keep the firmware/software of the all servers and VC Endpoints updated with latest announced stable patches/version by the OEM. However,

C. S. Basavanna
Sr Purchase & Stores Officer

security related patches need to be applied within two working days. All patches shall be applied with prior approval and intimation to ISRO focal point.

14. Any change required in the configuration/implementation/topology shall be presented to ISRO's team identified for management of this system and should be carried out after approval from ISRO.
15. Any change in configuration/implementation/topology shall be documented. The documentation would be reviewed by ISRO and vendor has to submit the final document after incorporating the changes provided by ISRO within two weeks. These documents shall have proper version number and ID.
16. The vendor has to submit quarterly report on compliance to patch/firmware management of servers and VC Endpoints. Format of report would be finalised based on mutual consent.
17. The vendor has to maintain proper documentation having a. correct and latest information on the complete network architecture of the system, b. network architecture of servers deployed in ISRO HQ, Bangalore and VSSC, Trivandrum, c. inventory database of the all components deployed in ISRO/DOS locations as part of Centralised MCU based VC system, d. incident register along with their resolutions etc. at a central location throughout the contract period.
 - a. Such documentation in the format prescribed by ISRO/DOS shall be provided to ISRO/DOS on regular basis and/or on demand. The vendor has to maintain and keep updating the document as and when changes are made (as mentioned in Sl. No. 14 above) during the contract period.
18. The acceptable resolution time for any reported issue should be 48 hours (T1) for critical issues. Following scenarios would be considered as critical issues:
 - a. It is reported that VC Endpoints registered to this system and WebRTC sessions from atleast 3 ISRO/DOS Centres/Units are not able to join meetings hosted on this system or to meetings hosted in public network.
 - b. It is reported that more than 3 External VC Endpoints and/or external WebRTC sessions are not getting connected.
 - c. One of the server of Central infrastructure deployed in ISRO HQ, Bangalore or VSSC, Trivandrum has failed (it includes hardware failure and software failure).
19. The following shall be excluded from fault duration in the above mentioned critical issues:

C. S. Basavanna
Sr. Purchase & Stores Officer
ISRO HQ

- a. The period in which ISRO's premises is found closed or no staff is available when vendor's staff has to access the system from ISRO HQ, Bangalore or VSSC, Trivandrum.
- b. Unavailability of service due to power failure at ISRO end.
- c. Unavailability of service due to ISRO/DOS network at ISRO/DOS locations.

20. Incase of violation of acceptable Resolution time (T1 in hours) as defined in SI No. 18 above, penalty to extend the contract would be applicable as follows:

- Actual Resolution Time (T2 in hours) $T2 \leq T1$: No penalty
- Actual Resolution Time (T2 in hours) $T2 > T1$: Penalty to extend the contract period by D days where $D = (T2-T1)$ days (rounded up to next integer number) Each hour downtime would result in one Day extension of the service.

21. The CVs of team members who would be deployed in ISRO HQ, Bangalore and VSSC, Trivandrum and who would provide L1 and L2 resource remote assistance for management of Centralised MCU based system have to be submitted.

22. The vendor, while deploying the resources against the PO should carefully select the resource and ensure that appropriate resource meeting the requirements in-toto is deployed. Any replacements or modifications in any of the team member may be subject to approval of ISRO HQ

23. ISRO HQ shall pay the onsite support charges within 30 days of submission of bills on prorata quarterly basis after completion of service at the end of each quarter against certification by the indenting officer duly endorsed by Director, DISM.

24. This contract will be valid for a period of 3 years from the date of deployment of Resident Engineer at ISRO HQ, Bangalore and VSSC, Trivandrum & extendable for 1 more year based on mutual consent.

25. Exit Management: In the event of expiry of contract term or termination of contract, the Vendor would transfer/share all infrastructure and documents, report and other data necessary for seamless transfer of process to ISRO/New Vendor as directed by ISRO.

26. Non-Disclosure Agreement -NDA

- a. The documents/registers/log books are strictly confidential and the vendor or its employees shall not divulge any information that is made known to them or they have come across, to any person not authorized to receive such information.
- b. The vendor or its employees shall not take any document/registers/logbooks/devices/tools outside the ISRO/DOS premises.

- c Non-Disclosure Agreement will be signed with the vendor

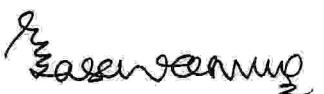

Roles & Responsibilities of Onsite Resident Engineer

- 1 Scheduling, monitoring and managing day-to-day VC Sessions organized on this Centralised MCU based VC system.
2. Onsite Resident Engineer would be the point of contact for VC Focal points of ISRO/DOS Centres/Units in case of any issues related to Centralised MCU based VC system.
3. Monitor and manage the Central Infrastructure deployed at ISRO HQ, Bangalore and VSSC, Trivandrum.
4. Remote management of 150 VC Endpoints positioned in 40 ISRO/DOS locations and registered to Centralised MCU based VC system from ISRO HQ, Bangalore and VSSC, Trivandrum. The same applies to additional VC Endpoints which may be procured during the contract period. OEM/Vendor to note that no remote access over public network will be provided to the Centralised MCU based VC system for troubleshooting and support purpose.
5. Submit weekly statistics on the virtual calls hosted on this system and also on registered VC Endpoints that were used to attend public cloud meetings like Webex, BlueJeans etc.
6. Submit a daily checklist after verifying the functioning of all components of Central infrastructure.
7. Perform weekly backup of configurations of all components of Central infrastructure.
8. Resolve issues related to Central infrastructure with the support of OEM by logging calls/ tickets. Resident Engineer has to report and coordinate with the identified Backend Engineer (as mentioned in Sl. No. 8 in Terms and Conditions section) for reported issues. The Backend Engineer has to provide guidance to L1 Resident Engineer and shall also provide onsite support incase Resident Engineer is unable to resolve the issue.
9. Coordinate with VC focalpoints of 40 ISRO/DOS locations via email/telephone and provide support for troubleshooting of any issues related to VC Endpoints and during any critical events like patch management, change management, firmware upgrade, SSL certificate renewal, registration of new VC Endpoints etc.
10. Configuration Changes, updation of SSL certificates and firmware upgrade of below servers:
 - Cisco Unified Communication Manager Express (CUCM) – 2 nos.

S. Basavanna
C S Basavanna
Sr. Purchase & Stores Officer
ISRO HQ

- *Cisco Meeting Server (CMS)* – 8 nos.
- *Cisco Expressway Pair (Exp C & Exp E)* - 2 nos
- *Cisco Meeting Management (CMM)* – 2 nos.
- *Cisco Telepresence Management Suite (TMS)* - 2 nos

11. Coordinate with Cisco TAC and work along with ISRO team to resolve issues like network connections, configuration of the Central infrastructure etc.
12. Test new features of this platform before releasing it for use by ISRO
13. Provide support remotely for registration and management of new VC Endpoints, as and when they are procured, to the *Cisco Unified Communication Manager Express (CUCM)*.
