**Subject:** Re: Supply of USB cable - 5 mtr

Hi Priyanka,

There is not much difference in USD to INR on the dates when you shared quotations. It seems there is a difference of more than Rs.800 per unit cost without taxes. I understand that as a reseller you have to add your profit margin, but the shared price seems to be too much. May I ask you to reshare the quotation with a moderate rate ?

**Subject:** To start installation of VC devices in the next week

Hi Priyanka,

Essential infrastructure facilities to install the VC devices in some rooms have been done at the Academy office. Next week you may arrange the team to complete the VC installation in the following rooms.

Room	Scope of work
Council room	Installation of PTZ camera - 2 nums, integration with the existing VC setup, required software configuration, cable dressing for better appearance of the total system.
Seminar room	Installation of the mounting stand, PDU, VC devices, required software configuration, TV, Inogeni device, and cable dressing.

A 10M USB cable supplied earlier was collected back by Mr.James. We have 1 functional USB cable(A2B interface, 5M length, brand: Black-i) that he supplied as a replacement. We need an additional 2 such cables. You may arrange the additional cables with your team when they come for the installation. The invoice can be created for all the 3 cables together w.r.t the price mentioned in your previous quotation (CS-SQ-BLR-2024-25-000333, dated: 14 June).

2 USB cables you supplied earlier (3M and 5M each one) can be collected back as the quality is bad.

Site preparation in the other rooms is in progress. We shall inform you once the rooms are ready with the essential facilities.

Let me know in case you have concerns about this.
