Purchase Order

A. The prices set forth in the Purchase Order shall be fixed or declining for the duration of delivery of Items and shall be inclusive of all goods and service taxes, value-added taxes, and other forms of government direct and indirect taxes levied on the provision of or transfer of goods and services.

B. FTC acknowledges and agrees that, for purposes of the Laws of the United States, FTC shall cause itself to be the importer of record of the Equipment, and as a result, FTC shall be responsible for payment of all Tariffs, subject to Section [X] of this purchase order.

B. The price charged FTC for any Item shall always be Supplier's lowest price charged to any customer for that Item or equivalent. If Supplier sells any Item to any customer at a price less than that set forth herein, Supplier shall adjust its price to the lower price for any un-invoiced Item and for all future invoices for such Item. For Items designated as "Custom Items," for purposes of comparing price under this Section, the price of the Item shall include those Supplier cost components which are generic to the Item as compared to other similar items generally sold by Supplier. Such comparison shall be made to the extent Items have similar characteristics, such as form, fit, function, manufacturing process, or other specific comparison criteria agreed upon by the parties.

C. All applicable taxes, including but not limited to sales/use taxes, transaction privilege taxes, gross receipts taxes, and other charges such as duties, customs, tariffs, imposts, and government imposed surcharges, shall be stated separately on Supplier's invoice. Supplier shall remit all such charges to the appropriate tax authority unless FTC provides sufficient proof of tax exemption. In the event that FTC is prohibited by law from making payments to the Supplier unless FTC deducts or withholds taxes therefrom and remits such taxes to the local taxing jurisdiction, then FTC shall duly withhold such taxes and shall pay to the Supplier the remaining net amount after the taxes have been withheld. FTC shall not reimburse Supplier for such taxes withheld. When Items are delivered within jurisdictions in which Supplier collection and remittance of taxes is required by law, Supplier shall have sole responsibility for payment of said taxes to the appropriate tax authorities. In the event Supplier does not collect tax from FTC, and is subsequently audited by any tax authority, liability of FTC will be limited to the tax assessment, with no reimbursement for penalty or interest charges. Each party is responsible for its own respective income taxes or taxes based upon gross revenues, including but not limited to business and occupation taxes.

D. Additional costs, except those described on the Purchase Order, will not be reimbursed without FTC's prior written approval.

E. FTC reserves the right to have Supplier's records and facilities inspected and audited, including interviews with Supplier's management and employees, to ensure compliance with these provisions and with the customs and trade laws of the United States [and any other jurisdiction to which the Equipment is to be delivered.]. At FTC's option or upon Supplier's written demand, such audit will be performed by an independent third party at FTC's expense. However, if Supplier is found to be in noncompliance in any way, Supplier shall reimburse FTC for all costs associated with the audit, along with any discrepancies discovered, within thirty (30) days after completion of the audit. The results of such audit shall be kept confidential by the auditor and if conducted by a third party, only Supplier's failures to abide by these Terms and Conditions shall be reported to FTC.

F. In addition, at any time during its performance of this Agreement, Supplier acknowledges FTC, its customers, or any of their authorized representatives may perform inspection of the Equipment and work in connection therewith, including inspections of Supplier's or its subcontractors' or suppliers' facilities. Supplier agrees to reasonably cooperate with such inspections, including by using reasonable efforts to enlist the cooperation of any applicable subcontractor or supplier. Without limiting the generality of the foregoing, Supplier shall provide access to Failure Modes and Effects Analysis (FMEA) in respect of any Equipment, including internal test data in respect thereof, upon request by FTC.

3. INVOICING AND PAYMENT

A. Prompt payment discounts will be computed from the latest of: (i) the date of delivery of any Items; or (ii) the date a properly filled out original invoice is received by FTC. Payment is made when FTC's check is mailed, or EDI funds transfer initiated. FTC shall at its option either (i) make payment within sixty (60) days and receive a 2% discount from the total invoice, or (ii) make payment within one hundred twenty (120) days of receipt of the proper original invoice or delivery of any Items, whichever is later, at full price and without discount.

B. Original invoices shall be submitted and shall include: Purchase Order number; line Item number; listing and description of and dates of Items delivered; name and complete bill to address; description of incidental Items; quantities; unit price; extended totals; the eight-digit tariff item under the US Harmonized Tariff Schedule; the port of entry to which the Items are destined; the time place of sale; the currency of the transaction; charges upon the Items including freight, insurance, commission, packing, and charges incidental to the international shipment of the merchandise; rebates and discounts; country of origin; any goods or services provided to Supplier free or at a reduced cost for the production of the Items; and any applicable taxes or other charges. FTC's payment shall not constitute acceptance.

C. Supplier shall be responsible for and hold FTC harmless for all payments to Supplier's vendors or subcontractors utilized in the performance of any services related to the Items.

4. TERMINATION

A. Upon Supplier's receipt of such notice, Supplier shall, unless otherwise specified in such notice, immediately stop all work previously authorized and give prompt written notice to, and cause all of, its suppliers or subcontractors to cease all related work.

D. All of Supplier's indemnification obligations, confidentiality obligations, obligations related to the treatment and protection of FTC's intellectual property, and warranty obligations, and any other obligations herein that would reasonably be necessary to survive in order to give effect to the foregoing shall survive any termination or expiration of the Purchase Order to which these Terms and Conditions relate.

B. FTC may place any portion of a Release on hold by written notice which shall take effect immediately upon receipt by Supplier. Releases placed on hold will be rescheduled or terminated by FTC in accordance with Section 5 within a reasonable time.

C. Any forecasts provided by FTC are for planning purposes only and do not constitute a Release or other commitment by FTC. FTC shall have no obligation with respect to the purchase of Items until such Items are specified in an issued Purchase Order which contains specific Release information for specific Items.

8. FORCE MAJEURE

A. If a Force Majeure Event adversely affects Supplier's ability to perform its obligations under this Agreement, Supplier shall notify FTC in writing within five (5) business days after it becomes aware of, or with reasonable diligence should have become aware of, such Force Majeure Event, which notice shall describe the details of the cause and nature of the Force Majeure Event, the anticipated length of delay due to the Force Majeure Event and any effect on Supplier's performance of its obligations hereunder.

B. Supplier shall be excused from performance and shall not be, or be deemed to be, in breach of this Contract to the extent that Supplier's performance is delayed or prevented by any Force Majeure Event. Without limiting the foregoing, the applicable time for performance by Supplier shall be extended by a period of time reasonably necessary to overcome any Force Majeure Event, provided, however, that Supplier shall (i) ensure that the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure Event, and (ii) use its reasonable best efforts to overcome or mitigate the effects of such occurrence, and
