Dear Mr. Joydeep,

As per our previous discussion we have taken the confirmation from Cisco and 20\$ has to be paid per device for the Contract Renewal.

Kindly confirm on the same to proceed further.

Best Regards,

Deepak B

Subject: Re: Cisco SW networking in DAC application

Dear Team,

Please update the ultimate outcome as on date of simple 3 requirement as follows, for which we are chasing from last August end:

1. [Formal warranty renewal proposal for 1st lot of 25 nos. Switches.](#)
2. [To close the supply of 100 nos. of 10 mtr length patch cord as per below specification](#)
 - a) LC-PC > FC-PC=30 nos.
 - b) LC-PC > SC-PC=70 nos.[\(all are should be single mode duplex indoor patch cord. Please check your quotation. Payment was already disbursed.\)](#)
3. [Requested for a rate quotation for supply of 4nos. 10KM range SFP module, part no. GLC-FE-100LX-RGD, 100 Mbps Single Mode Rugged SFP compatible to your switches.](#)

It is a matter of great concern that after waiting and so many request there are no conclusion against any one issue. We are feeling very much helpless.

Aside to Murthy Sir: We solicit your kind intervention for resolve the issues immediately.

Thanks and regards

Dear Madhusudhanan and Mr. Karmakar,

Hope you have got the complete commercials for the SFP and Service Renewals feedback from CISCO higher authorities. Please update us with the details.

Prolonged time has expired in wait but ultimately there is no solution found. Each and every day we expect some progress but ultimately all are in vain.

At least it will be a support if we could get the patch cord meanwhile but that is also due still now.

Cordially request you to attend our requisition with priority please.

Thanks and regards
